- 1) Yes, it is a fun design, 9/10
- 2) Yes, the only thing that is not super clear is the date and what position the team finished other than Winner or runner-up 8/10
- 3) Explanatory, Visual 2D, linear
- 4) Nominal and interval
- 5) I would like it to be clearer what year is what line, and what place the team actually finished.
